The Jim's System

How does it work?

- All Advertising includes the Jim's 131 546 phone number.
- All incoming calls are directed to the National Call Centre.
- The National Computer Program "FMS" is used to allocate new work to Franchisees.

Where can I work?

A Jim's Franchisee can work wherever THEY choose.

Franchisees nominate the suburbs they would like to work in, listing their Territory, and a list of all Suburbs they will accept work in.

When can I work?

A Jim's Franchisee can work whenever THEY choose.

Franchisees nominate the days they want to receive new work from the National Call Centre, and the hours of the day they wish to receive new work.

Try before you buy

Before buying a Jim's Mowing Franchise, you'll be offered a 1 or 2-day trial where you will join an experienced Franchisee in their business, allowing you to gain valuable information about their day to day activities and our franchising system.

Training & Initial Guidance

After your successful trial days, you will meet again with your Franchisor to discuss buying the franchise and will be booked into our 6-day induction training course which is designed to set you up for success. This covers the Jim's system, quoting, customer service, Formitize and other topics designed to assist you in the management of your franchise.

A Jim's Mowing business is a business with recurring income

- A Jim's Mowing business is built on regular clients.
- Regular clients deliver ongoing regular income week in, week out.
- Relationships form with regular clients and regular clients contract you to perform jobs other than just mowing around their properties.

Where to from here?

Attend a meeting with your Regional Franchisor and discuss the franchising system in greater detail.

Don't forget to write down all your questions and make sure you bring your partner along.

At this meeting you will be provided with a great deal more information specific to your local area, including set up costs, franchise fees, work lead reports, and franchises for sale that best suit your situation.

Thanks for enquiring. We look forward to meeting with you.
Jim's Mowing. A business that keeps growing!
